\*As a CLEN school taking advantage of the Turn-Key Option, you will serve as the "gateway institution" for Distance Education students. When you submit a Student Registration Form with the \$25 Registration Fee (you may charge a higher fee), we will follow up with the student as a DE student, processing all course administration thereafter. We will provide you with a monthly report of your students along with a Tuition Share of \$25 per student per registered course. You may also provide the student with a Request for an Evaluation of Prior Learning to be sent to the CLEN office.
